

HOW WE CAN HELP?

FAMILYLiFE
INSPIRING FAMILY TRANSFORMATION

CONFERENCES

FamilyLife conferences are centered on bringing God's principles to marriages. It's the perfect opportunity for couples to take time away from the distractions of daily life so they can focus on each other. Our inspirational speakers will help couples through their differences, improve communication and even rekindle romance!

WEEKEND TO REMEMBER (3 DAY)

Each conference is held in a warm, engaging environment that is non-threatening, fun, and often hilarious! It's the perfect opportunity for couples to getaway from the distractions of daily life so they can focus on each other. Whether couples need healing or refreshing, our goal is to bring hope to marriages and families.

REAL MARRIAGE (1 DAY)

We offer real answers to the real issues couples face in their marriages through this cutting-edge, interactive one-day event. Through the fun-filled, media-driven presentation, couples will gain a deeper understanding of what marriage can be (This event is also available as Next Level for Businesses).

LEGACY - PARENTING (1 DAY)

Parenting isn't easy and at times we wish each child came with an owner's manual. Let us help you develop your own unique **Game Plan** based on God's time tested principles.

UNIQUELY US! - MARRIAGE (1 DAY)

We coach couples to better understand their differences so they can be more compatible with each other and help them discover how God designed them uniquely - for each other.

INTERNET

We offer resources that help build every area of marriage and family life: online mentoring, counselor resources, a "couple check-up", articles, video links, plus links to the radio program FamilyLife Today.

INTERCULTURAL

FamilyLife is also growing in its intercultural and international influence. We have connections in India, East Asia, and Paraguay. In Canada, we offer Chinese and First Nations conferences.
